

Okaloosa County Wind Speed Lines

The *Extreme Weather Skylights* from Sun-Tek, our most recent addition to a family of high quality skylights, has the widest and most complete range of hurricane, tornado, high velocity and impact units of any skylight manufacturer to date !

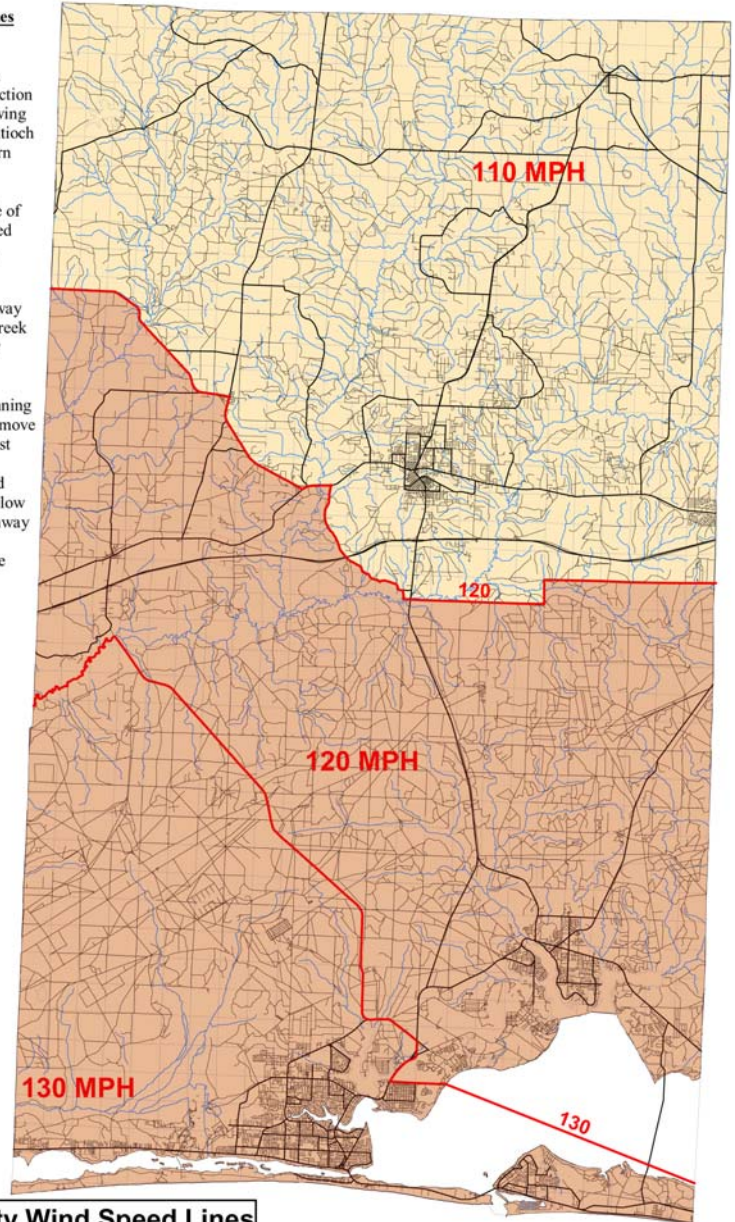

- These high impact & wind velocity units are available for 120 mph (or greater) wind zones. Sun-Tek's standard line will satisfy all other zones.
- From the Sun-Tek Tube... to insulated Classic Glass... to Polycarbonate, Sun-Tek can offer the right application for any wind zone requirement.
- Concerned about future coastal zones ? - We are confident you will not need to go anywhere but to Sun-Tek's *Extreme Weather* line to satisfy all your extreme weather skylight needs.

Okaloosa County Wind Speed Lines Description

120 MPH LINE Northern line of Elgin Boundary to the southwest corner of Section 05 of Township 2N, Range 23W, following the section line north to Highway 4 (Antioch Road). Follow Highway 4 to the Western side of the county line.

130 MPH LINE Begin on the East side of the county line just above unincorporated Destin, FL in the Choctawhatchee Bay, following northwest to the Southern boundary of Elgin AFB north of unincorporated Shalimar. Follow Highway 189 to 236 continuing south of Metts Creek to the Yellow River. Follow the Yellow River West to the County Boundary.

WIND BORNE DEBRIS LINE Beginning at the same point as the 130 MPH line, move Westerly in the Choctawhatchee Bay just north of Destin (incorporated and unincorporated). West along Hollywood Blvd, ending at the Elgin boundary. Follow Elgin boundary west then south to Highway 98. Continue South to the Santa Rosa Sound. Follow the Northern shore of the intercoastal waterway to the Okaloosa County line.
